### Ninjagram License

This license allows only one Instagram account to use the NinjaGram application. The serial key and software will be emailed to your mailbox (or junk/spam...) if you don't provide an email address. The NinjaGram software also includes a feature that allows the user to start and stop the application to control the number of images NinjaGram executes at once. It currently supports multiple languages: English, French, German, Spanish, Italian, Portuguese, Dutch, Hungarian, Russian, Polish, and Turkish.
