What's New in the MetroTwit?

Twitter provides its users with a quick and easy way to share short messages, called 'tweets'. Now you can keep a digital note of everything happening on Twitter from your desktop. In MetroTwit, you can keep up with Twitter activity on your PC right from your desktop, and view your timeline at a glance. MetroTwit brings you the most popular Twitter features to the desktop. With MetroTwit, you can follow Twitter users, keep up with your friends and the conversations they're having, and discover trends. MetroTwit supports the standard Twitter features, including: Today we're thrilled to announce our new community program, Windows Insider Program for Desktop Apps: Access the Windows Insiders app store from Windows directly, install apps from the store like Weather Desktop, Chat, create instant documents, send and receive messages, and more Mobile: Access and manage your personal data and share your photos, videos, and files Windows RT: Easily and securely access your home PC and sign in to Windows It is designed to help Windows Insiders get things done faster, in the apps they use every day. They can be used to install apps from the store, including the Windows Store, as well as access apps in other Windows stores (including the Microsoft Store), and the Windows Store of other Windows 10 devices, like Windows Phones. If you would like to learn more about Windows Insider for Desktop apps, visit the Insider Hub and go to the Posts and other content will be publicly visible. The program will offer Windows Insiders early access to information and tools focused on a subset of the Windows Insiders, called FastTrack. Insider FastTrack includes a new task manager, a universal Windows app to make it easier to connect your PC to your TV and sign in to Windows, and more. App built for Windows Insiders will be available in the Windows Store for Windows 10 Desktop & Mobile and in the Microsoft Store for Windows 10 Mobile by the end of April. Windows Insider Program for Desktop Apps (Windows 10 and Windows 10 Mobile) is here! FastTrack: A new task manager, new universal Windows app, and more FastTrack was designed to be a one-stop shop for you to easily connect your PC to your TV, sign in to Windows, and manage your apps and files. But while some may prefer to use the Store for this task, you can
