"File Monster - File Sharing and Synchronization Software" How to Change Your Information by downloading your user profile and replacing it with the correct details in three simple steps. You can only do this if you have access to the file (either by downloading it from another computer, or using a website which supports drag-and-drop uploading. Note that this method does not cancel or remove your existing automatic updates. If you use your computer at an office or school which has Internet access, you will be prompted for your school or company username and password. This may mean you will need to contact your IT department or your school or IT administrator to create a new account for you or to allow you to access the network and then you will be prompted for your password again. This means that file sharing can also be used to download or upload illegal software. This also means that you will not be allowed to make any changes to your account or change your password. If you want to permanently disable File Monster and remove any associated cookies, you will need to disable File Monster's automatic updates. You will need to find out if there is another computer on the network which has File Monster's automatic updates disabled. If you have difficulties contacting someone to ask them to disable File Monster's automatic updates, you can make yourself an administrator account. If you make yourself an administrator you will have rights to allow or restrict other people on the network from disabling File Monster's automatic updates. Step 1: Start File Monster. Start the software. Step 2: Search for a folder. In File Monster, go to the "Your computer" tab and select "Find file". Step 3: Right-click in the "Select a file" window and select "Browse" if you need to select a different folder. Step 4: Enter the name of the file you want to change. Step 5: Wait for the file to be found. Step 6: Select the file you want to update. Step 7: Click the button to select the folder where you want to save the file. Step 8: Click the button to update the file. Step 9: The updated file will be saved. How to change your user profile in File Monster: Step 1: Start File Monster. Step
