These improvements will help deliver “as life-like as possible” gameplay that will allow fans to experience FIFA like never before. We are excited to announce that FIFA 22 will feature 22 main new “Motion Graphics Passes” from the outset of its lifecycle. The new features help deliver higher levels of realism throughout gameplay and user interaction. Version 2.0 is implemented for FIFA 20 and also now available to retail customers. Gamescom 2017 What have we been working on? The team has been working on content and feature updates to improve FIFA experience. Features already released to retail for FIFA 20 are details below. What's more, we are now looking at delivering some additional features in FIFA 22 to the retail game. These features will include enhancements to gameplay and graphics. What features will come to retail FIFA 22? What's more, we will be providing more details on the features coming to the retail game and how you will be able to experience those features through the "Catch the Game" Live feature in retail FIFA 20. We're also going to announce more features and new “Motion Graphics Passes” during the Gamescom 2017 event and also an introduction of a new franchise and a teaser of a new title! New “Playable Script” The team has been working on features and content to improve the quality of the game as a whole. As part of that work, we have added new “Playable Script” into the game. Once you enable “Playable Script”, there will be script of depth and sophistication in the game. At the same time, we have improved the tutorial, the game's controls and gameplay experience in general, and increased the range of options available to players. Finally, we are going to enable the ability to see the “Playable Script” through on-line gameplay like FIFA Career Mode. New “Motion Graphics Passes” The team is working on a number of enhancements to include new “Motion Graphics Passes”. The motion capturing process has helped us to deliver a number of new “Motion Graphics Passes” to better enhance the visual style of the game. Players will get to see the new

Compete as an individual with your favorite team in more than 600 global tournaments, leagues, cups, and friendly matches. Inspired by the best clubs and players in the world, make Ultimate Team in FIFA 22 truly your own. Create-A-Club - Make your way up from the lower divisions, draft and trade your way through the youth academies, forge your club's culture with youth drafts and pre-season friendlies, draft players from across the globe, and decorate and customize your stadium in FIFA 22. The Journey - Live out your dreams as both a manager and a player, with a career mode that allows you to play the matchday as a player in one of six-presidents-of-football, or as a manager in any of 20 leagues. UNLEASH YOUR TEAM IN UEFA CHAMPIONS LEAGUE & EUROPA LEAGUE Play in the most explosive and authentic major competitions in UEFA Champions League and UEFA Europa League, including all 32 teams in the competition, expanded extra time and penalties, increased team depth, and new AI-controlled managers and goalkeepers. Meanwhile, UEFA Europa League provides the same increased team depth and expanded extra time and penalties as UEFA Champions League, while adding three new national teams. PLAYER IMPACT IN THE MATCHDAY Tackle and dribble to bring the ball under pressure, sprint past opponents for a one-v-one dribble or goal, or press the opposition high up the pitch and win a 50/50 challenge using anticipation and anticipation with the ball. All goalkeepers must react and move when the ball is played into the danger area. INTELLIGENT AID & DEFENDER IMPACT All defensive tasks have their own layers - pressure, suppression and recovery - and these can be customized to create your own defensive strategy. Use intelligent calculation to avoid opponents from scoring, influence their possession with physical challenges, and backline-lift tackles to win balls back and take control of the game. VICTORY THROUGH TACKLING & HEAVY LIFTING With a new system that accounts for contact when tackling, be it players or players + the ball, you can more easily have a turning point in the match as you can gain the advantage in time and space through intelligent tackling. Also, tackle-based heavy lifting, or tackling with the full body, such as a tackle that sweeps away a rival forward and into the goal, will become even more effective

**20, EA has stepped up the speed, added full body motion and introduced access to expanded attributes such as light physics and increased smoothness. The latest version of the game, FIFA 19, has seen football return to the fore as a true worldwide phenomenon with a new season of innovation across every mode. Fans, players and coaches have been calling for a real authentic football experience since the release of FIFA 14. In FIFA 19, EA delivers a new way of playing, through a brand new advanced AI engine, first-person viewing and a completely re-designed ball and player physics - helping to make you the best on the pitch. See some of the top goalkeeping moments in history. What has happened to the brand? In 1991, the series turned to console, with the official launch of Genesis. Since then, there have been several iterations of the FIFA brand, including the spin-off “EA Sports College” games, as well as a fully branded version of the PC version for Windows. Another key change came in 2001, when EA Sports acquired the license to officially develop and publish the soccer games in Japan and in 2004, EA Sports released**
