The game introduces new control methods - Hand of God, Tactical Defending and Touching the Ball - allowing you to control your player in ways never before possible. FIFA 21 puts gameplay first by making large game design decisions that are designed to make the best football gameplay. Game Design Director Matt Bilbey explains: "Game Design has gone through a lot of changes since the launch of FIFA 10 and we've learned a lot about what makes a great gameplay experience. We've spent countless hours and weeks building and testing mechanics like the Pitch Control system. We've made some large-scale game design decisions that are designed to make the best football gameplay. From more precise touch control and a pass-first mentality to the introduction of the Ultimate Team, we've worked to make sure that fans of the game will continue to be rewarded in new and interesting ways." "The DNA of FIFA is about more, not less, so we've expanded on the core gameplay elements, plus we're excited about the new game features we're bringing to the game," adds Bilbey. What is Football? For the most accurate experience in the game
