Since the birth of the universe, the people and creatures called Angels have lived in peace. Suddenly, the world began to change and the Angels have had to fight for their survival. Unfortunately for them, their resources have been depleted due to the needs of those who inhabit the distant planet, Humans. This is because these beings are using a powerful substance that has yet to be discovered. For this reason, Humans are developing weapons of mass destruction which endanger Angels. The Earth's atmosphere is already a battlefield and Angels are the first to confront it. Welcome to the Neo Angels Universe! The universe is now filled with obstacles for its inhabitants. If the humans discover the existence of the Angels, they will use all their power against them. The only way to survive is to establish a network of defense... and a counter attack. The side of the Angels has been waiting long for this moment. The Angelic Rebellion is beginning. Creatures from the bright stars are coming from the deep. The universe is charging for its destiny. Welcome to the neo Angels Universe! •The Story There is a war for you to fight. This is the story of the neo Angels Universe. 1. Intro A war that will shake the world of the intergalactic space. ### What's new in GravNewton Soundtrack:

**by R. Zak - Instrumental - on UMusic Suffered a hemorrhage somewhere in that wasteland between our ears. What the fuck? My head is bleeding. BECAUSE YOU WENT ANIMATING Though it's not from right here. I guess it's just unrequited fury It's been years, but it's still with me You're a madman. So here we are right now. I can't stop thinking about how he doesn't feel the same way, and I'm a crazy person. We can just pretend for a little while, it's okay. We won't meet anyone. I won't do anything. Don't you think it's hard to believe, to accept, that you're wrong? I think of you and tears stream down. I hate you. I hate you so much. - I can't help you... I know what you want. What you really want is for me to keep this all to myself... so we can live together forever. You don't know anything about me. You don't feel anything for me. You just want to be in control. You're so boring. You're the lamest person I've ever met. I can't stand you. Life's short. I don't want to do this. I don't want to do this, I don't want to spend my whole life treading water, even if I'm drowning. I want to be at the top of the mountain, you're just going to throw me off the cliff. I can't just sit back and watch you blow up and get arrested. They say it can't be done, but I'm sorry, this time I'm just going to do it. Since when have you kept your promises? That's not what you said. You're the stupidest man I've ever met. You're a stupid... a fucking jerk. So, let's talk about the real problem. You're so self-centered. You'd rather I just like, suffer a career death, than... to have a relationship with someone that I care about. You just want me to shut up and be quiet, so you can feel better about yourself. Your whole life is all about you, and I can't fix that.**
