◆New Ability "Saketsu" has been added What is a Wizard? You're reading the name of a person that specializes in magic. They are born with that ability and can only use magic. The more experience, the more talented the Wizard becomes. Each Wizard can select three different schools of magic. The school can be decided randomly when you create your character or by buying from a store. ◆The "Attack" ability has been added The following rules apply to the new ability "Attack". 1. "Attack" is activated when your magic power level reaches 20. It will be activated continuously as long as you hold down the "Attack" key. (This is usually activated as you activate "New Ability "Saketsu") 2. If you want to activate "Attack" at an early time, there is a "Charge" time available. When the "Charge" time ends, "Attack" will automatically be activated. It is determined when the charge time ends. 3. The "Attack" ability is a magic attack. You can only attack a specific enemy. 4. If "Attack" is activated at a range that can hit, you will be able to attack up to a maximum of three enemies. 5. The appearance of the activated "Attack" is the same as that of the "Normal Attack" in Super Mario RPG: Legend of the Seven Stars. How to use "Attack"? 1. Left and right arrows to change the direction of the attack. 2. Pressing the Z button to activate a new attack. 3. Pressing the Y button to change the timing of the activated attack. "Attack" can be used to attack a specific enemy! Description of the Attack and Combat Attack "Attack" is activated when your magic power level reaches 20 and is activated continuously as long as you hold down the "Attack" key. The following rules apply to the activated "Attack". 1. "Attack" is a magic attack. You can only attack a specific enemy. 2. If "Attack" is activated at a range that can hit, you will be able to attack up to a maximum of three enemies. 3. The appearance of the activated "Attack" is the same as that of the "Normal Attack" in Super Mario RPG: Legend of the Seven Stars. Contact us at: support@arcadianfox.comQuestion of the Day Whose side of the story do you believe? Story TOPICS SANTA ANA, Calif. (AP) - An Orange County deputy sheriff detained the driver of a tour bus that was carrying passengers to Disneyland in California for nearly four hours while a man posing as a doctor took the blood of children aboard the bus without their parents' consent and used it in illegal stem cell injections, authorities said. Orange County sheriff's deputies released a 17-page report Thursday on the November incident that happened near Angel Stadium in Anaheim on the first day of a major California Angels baseball game. The Anaheim Police Department conducted the investigation. The 58 children from Japan who rode the bus to Disneyland were taken to a hospital for testing, and the 30 passengers remained on the bus and were eventually allowed to resume their trip, a statement from Orange County authorities said. "Deputies from the Orange County Sheriff's Department were called out to the Angel Stadium area of Anaheim to assist with a bus stop incident where an elderly female bus driver fell, and the driver transported the students, without their parents, to the Disneyland Resort," the statement said. The driver's family told police that she was a type-A diabetic and had been diagnosed with diabetic neuropathy. The driver had fallen asleep and failed to call for help, but deputies heard a knock on the bus door and saw a suspect standing outside. Deputies approached the man and asked to speak with the

ABOUT THE GAME: Kurr Snaga is a fast-paced first person melee brawler where players act as the last Orc left from their tribe taking revenge on the evil humans. Feel like an elite and pure aggressive Orc who seeks vengeance against humans. Kurr Snaga is a retroaction based game where every level can give you different feels, emotions and situations. The game is designed in a way that a player can choose which difficulties are wanted. Go back to start menu to make changes in the game. All assets and sounds in the game can be customize if needed. ABOUT THE GAMEPLAY: The game takes place in the year 1889 where three factions are fighting over the land. The humans are evil and they're trying to dominate every aspect of the reality. Then there's elves, a peaceful people who are trying to coexist with humans. And the last third of the land are the orcs. The orcs are people who were somehow separated from their motherland and are still stuck in it. The story is told through people dialogue and players role and path of their character will open up their particular story from the game. There are two parts to the orc playthru. Part of the playthru is usual quick first person melee brawler action. The second part is more of the story of orc characters. After the events where the orc tribes warriors find their mother and become one people, they're set to avenge all the victims of the humans. Modes of the game After the story of the game is over, there are various modes for players to try: - Kill Quota - Endless - Episode - Deathmatch - Core - Mastermode ===== IMPORTANT : If you buy this game, don't forget to buy the one2play image pack if you bought the game from our store. Use it as free bonus ===== The Sol REP is an AI exploration rover. It's equipped with powerful cognitive Artificial Intelligence (AI), and data collected from it is used for future research. In this addon there is a unique weapon rack. ReShade is a beautiful all-in-one windowing solution. ReShade is a special program, which makes it possible to scale
