As a member of the original Elder Scrolls series, the team behind Elder Scrolls 5: Oblivion has formed a new studio and project called "The Elder Scrolls – V: Skyrim". Whilst the title "Skyrim" is a well-known three-letter word to gamers, the actual name is "The Elder Scrolls – V: Skyrim". As a part of this name, the company has changed the spelling of the word "Skyrim" and has made it a nom de plume. This is done in order to abide by the very clear rules for game names and to appeal to a wider market. The Elder Scrolls - V: Skyrim is the name of the original game developed by Bethesda Game Studios, and we will be able to refer to it from now on as such. This time, you can choose to play either as the Imperial or the Dragonborn factions, and experience the depths of Skyrim in two different settings, including the icy cold regions of the Nords and the desert of Daggerfall. Go on an epic adventure and forge an empire with an entirely new open world! * Terms of Service: ©TR&C 2017 Bethesda Softworks LLC. The Elder Scrolls V: Skyrim is licensed by Bethesda Softworks LLC.
