Rise as an Elden Lord and become an all-powerful god In the lands between there are five of the seven spirits who hold the power of the world. Now, it is your time to rise as an Elden Lord and take their powers... Arise, Tarnished As an Elden Lord, you move freely between the world of the gods and the human world. There are a number of powerful clans who are your enemies, so you are confronted with a variety of situations in which you must use your strength to overcome your enemies. Explore a vast world with diverse settings and encounter enemies with a variety of strengths and weaknesses, step by step. Forge a path to the Elden Lordship In the Elden Ring games, your steps are linked to the destiny of the story. At the end of your path, a full-fledge Elden Lord will arise... In the first game, you must encounter the spirit of the land of the gods. As your experience increases, the legends and the power to fulfill the destinies of the Elden Lords will arise. And, as a major hint, the game offers real-time strategy like top-down in the first title, but in the second title, it will turn to an RPG that most people had once played like in the Elder Scrolls or Final Fantasy series. In the second title, you will play as the main character, who appears in the movie from the first title. Your quest as a character in the game is to inherit your grand-father's power. In order to do so, you must acquire powerful items to enhance your character. You will experience a new rhythm to play and greatly customize the Elden Ring RPG according to your play style. CREATING YOUR OWN CHARACTER In Tarnished, a custom character creation system has been implemented for you to play as a character that you have made yourself and customize your appearance to improve their skills. From the character's body to their equipment, they can all be freely rearranged, and the order in which you equip equipment can be freely changed. Moreover, you can use special skills called Spells that raise the power of your character. Each character possesses different skills based on their appearance. In order to specialize your character, you can level up your equipment, enhance your skills, or increase the number of skills. By raising your character's power to your heart'

Story Quest An action RPG in the vein of Final Fantasy. Start With the Crown Character Build With a rich world to explore, try to collect as much money as you can. Use these items to customize your character with new equipment. Card Battle Cast Summoning and Promptness to cause your allies and enemies to attack at the right moment. The Stalwart Banner Increase the effect of your attacks while leading your allies to victory. The Knight's Rush Attack enemies in succession, thus increasing the damage on your first attack. The Archer's Wardrobe Increase your damage while keeping your allies safe. The Stunning Blade Slow down enemies and increase your damage in PvP mode. Field Magic Increase your overall battle ability and change the environment. Omokabe's Curses Decrease the weight of your equipment and increase your attack power. Mix and Match Elite Hero: The New Action RPG. Easy to learn but difficult to master. A top-tier hero. Whirlwind One-Shot: Tactics on the most convenient online battle action RPG. Handy Action RPG: A compact battle that leaves the most difficult battles for your opponents. \* With the main story of the game now complete, during the interim, we will be delivering a variety of updates for you to enjoy! Enjoy the game as it is now, and look forward to the updates!Decoding in a stream of steam and grey energy, Fashion Design Graduate, Anju Biswas's mesmerising work concerns notions of beauty, power and surrender, a meditation on gender and sexuality. In a discourse of seduction, trickery and truth, Anju's work is remarkable for the seductive, disarming affect she creates through masks, costumes, props, accessories and collages. Anju's work is a product of experimentation and research; it is a steady, meditative practice, an act of continuous sampling that leads to re-imagining, to an endless taking in and the development of a fragile stratum of ideas. Visual symbols give form to a myriad of personal fantasies, allusions and allegories come alive with conscious exaltation. And while in some pieces Anju shows a keenness to return to her roots, in others it is her experimentation that underpins the

Q: d3.js: Add to a line with the same coordinates as a data point Given this line: `var line = svg.append('line') .attr('x1', x1) .attr('x2', x2) .attr('y1', y1) .attr('y2', y2) .attr('stroke', 'black') .attr('stroke-width', 3) .attr('d', dl);` And this data: `var dl = [[x1, y1, z1], [x2, y2, z1], [x2, y2, z2], [x1, y1, z2]];` And this data point: `var dp = {x: 0.5, y: 2.5, z: 0.5};` How do I add the data point to the end of the line, so that it forms the hypotenuse of a right triangle? A: You would just use a link. You could do something like this: `var line = svg.append('line') .attr('x1', x1) .attr('x2', x2) .attr('y1', y1) .attr('y2', y2) .attr('stroke', 'black') .attr('stroke-width', 3) .attr('d', dl);` `var dl = [[x1, y1, z1], [x2, y2, z1], [x2, y2, z2], [x1, y1, z2], [x2, y2, z2], [x1, y1, z2]];`
