The battle for the Lands Between begins now... The world of Elden Ring is a vast world where open fields with a variety of situations and huge dungeons with complex and three-dimensional designs are seamlessly connected. Players set out to wander through the world, interacting with the NPCs and exploring to increase the excitement for the game. During the course of their quest, new characters appear from time to time, and you can interact with them, asking them about new developments in the game. You can combine the weapons, armor, and magic that you equip to develop your character according to your play style. As you progress through the world, you can discover guilds, which you can join and be guided through the adventure by your guildmates. At the end of your journey, you can climb the ladder of success and be awarded with a title. Please enjoy the game! [Game Pack] ▶ Controllers: ★ Sony PS4, ★ Xbox One X, ★ PlayStation VR, ★ Oculus Rift, and ★ HTC Vive The PlayStation 4 version is available now for \$59.99. This game will be available for the Xbox One X, PlayStation VR, and Oculus Rift at a later date. The Xbox One X version will be available in March. ◆ Game Features ◆ Story: Players will rise and journey to the Lands Between. A portal to the Lands Between opens up in the beginning of the game. Upon passing through the portal, players will begin to stumble across the lands of the Elden Ring. The vast land is full of monsters to be fought with the power of your arms and the magic of the artifacts of the Elden Ring. Your journey begins as a new character with no past or identity. Players can fight in a free-form online environment where you can meet other players and share your adventures. Gameplay: The game includes non-combatative battle actions, where you can create an attack without causing damage. Offline mode: Players can enter this mode to explore the map and perform quests. If they wish to fight as a group, they can use this mode to access the online mode. Players can also take the above actions while offline. Online Mode: players can enter this mode to fight with their friends directly. It is possible to enter this mode and fight with other players on this same console. ◆ Contents ◆ 1.
