Q: How to disable automatic writing of a calender in android? I am using autonotification services and long pressing the calender button i get to view the calender list. Is there any way to disable the automatic writing of a calender in my application so as not to cause any confusion on the user. I have acheived this by creating a broadcast receiver to catch the android.intent.action.SCREEN_ON broadcast and using this as a trigger to remove an existing broadcast that is probably created before my app. private BroadcastReceiver screenOnRe
