Hi there, I am trying to seed the HDMK1080p download but I cant seem to get past 3.2Gig. I am currently seeding at a rate of 50mb per second but everytime I check the size it is creeping closer to 5Gig. I am only trying to seed a few torrents at the moment. Is there any know issues with seeders. Please let me know if I am doing anything wrong or can help? Thanks. The Gig may be coming from the downloads which you are seeding on torrent files and clients like uTorrent, Bit torrent. The destination files are seeding on torrents but you need to shutdown the torrents on client first. Hi there, I am trying to seed the HDMK1080p download but I cant seem to get past 3.2Gig.
